

## Mad Science® of Southern MA & RI

Mad Science would love to help your Scouts earn their Arrow Points and Activity Badges! Mad Science offers many different Workshops that, aside from being a whole lot of fun, also cover many of the requirements for Arrow Points and Badges. Some Workshops can even be applied to more than one Arrow Point or Badge!

Mad Science Workshops are an hour of fun and exciting activities and demonstrations. A Mad Scientist will travel to *your* location, bring all of the materials necessary, and of course clean up after themselves when they're done.
